## **ICBDA EXPANDS DANCE & TEACH OFFERING AT THE 34<sup>TH</sup> ANNUAL CONVENTION**

The International Choreographed Ballroom Dance Association invites all round dancers to attend the 34<sup>th</sup> annual convention to be held in San Antonio on July 7-10, 2010. The convention will have an expanded lineup of teaches, workshops, education clinics, and evening dancing designed for the intermediate dancer (phases 3-4). The enhanced dance lineup is aimed at round dancers who desire to learn more about this great activity.

“Now more dancers will be able to experience instruction and education from some of the top instructors in Choreographed Ballroom Dancing”, said Ed and Sharleen Martin, current president of ICBDA. “By adding to the workshops and evening dances, we will ensure that many more round dancers will be able to enjoy the convention.”

“The addition of a third evening dance hall, and the focus of 1/3 of the education portion of the convention geared toward the up-and-coming intermediate dancer, should make this an ideal convention for those who are eager to learn more about round dancing”, said Brent and Judy Moore, the program chair for the 34<sup>th</sup> convention. “One of the three dance halls will be programmed specifically for newer dancers, with education, clinics, dance teaches and an evening dance program built around the intermediate dancer. We expect the dancer who is enjoying dances such as Answer Me, Pop Goes the Movies, Axel F, or Calendar Girl will be pleased with the opportunities this convention will offer.”

ICBDA, formerly the Universal Round Dance Council (URDC), was formed to educate the public in dance technique and to encourage dance as an activity useful to the individual and a benefit to the community. The annual ICBDA convention, usually held in July of each year, brings top teachers from the US and abroad who volunteer their time and expertise to share their knowledge of dance.
